DETAILED ACTION

Election/Restrictions

Claims 13-17 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected inventions, there being no allowable generic or linking claim.

Election was made **without** traverse in the reply filed on 8/21/2006.

Applicant's election without traverse of Group I, Claims 1-12, in the reply filed on 8/21/2006 is acknowledged.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 8-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 8-11 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted structural cooperative relationships are: It is not clear from the claims how an aperture plate detection assembly is related to the spectrophotometric system of Claim 1.

Allowable Subject Matter

Claims 1-7, 12 are allowed.

The following is an examiner's statement of reasons for allowance:

As to Claim 1, the prior art of record, taken alone or in combination, fails to disclose or render obvious first and second focusing lenses positioned intermediate said first and second plurality of mirrors, respectively, for focusing said SCI and SCE beams, said first and second focusing lenses being mounted to a lens carrier that is movably mounted relative to said integrating sphere, and a drive mechanism that is coupled to said lens carrier and operative to reposition said lens carrier relative to said integrating sphere, in combination with the rest of the limitations of the claim.

Claims 8-11 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
